RESULTS OF CENSUS

Population of Kansas Cities
Has Been Enumerated.

INCREASED THE RULE

Next to Kansas City Wichita
Shows Largest Gain.

Topeka, Kan., Aug. 29.—Kansas has 118 cities and towns with 1,000 inhabitants or more, according to a compilation of the assessors and county clerks' official returns for 1903, just completed by the state board of agriculture, as against 114 belonging to such last year.

Eighty-two municipalities have gained 21,774, Kansas City reporting the largest increase, 6,294. Wichita made the second largest increase, 3,386. Topeka increased but 159 during the year. Kansas City, Kan., is the largest city in the state, having a population of 59,931; Topeka is second with 35,529, and Wichita is third, with 31,541.

There are thirty-three towns which have lost 5,083, two remaining the same as last year, and one, Atchison, made no returns. St. John and Troy have fallen below the 1,000 mark. Pleasanton has again entered the list and Phillipsburg, with a gain of 101, Medicine Lodge 196, Kinsley 212, Yale 393, and Gas City 590, have been added. The population of Gas City in 1900 was 107, showing in four years a net increase of 1,083 inhabitants.

Parsons, with a gain of 701, passes the 10,000 mark, making in all ten cities having a population of 10,000 or more and aggregating 229,335, or 15.25 per cent of the state's total. The relative rank of the fourteen cities leading in population remains the same as one year ago, except Fort Scott goes from seventh to sixth, changing places with Pittsburg, and Parsons and Iowa forge ahead of Emporia, retreating the latter to twelfth place. Wichita now ranks eighth instead of seventh; Chanute with a gain of 729 precedes Coffeyville, Arkansas City, Independence, Newton, Galena and Argentine.

Arkansas City dropping from 13th to 18th, Newton 16th to 20th, Galena 18th to 21st, and Argentine 20th to 22nd. MUST PAY BILLS.

Army Officers Cannot Repudiate Their Debts.

Leavenworth, Kan., Aug. 29.—Proceedings in the court-martial have been instituted against Lieutenant William Haycraft, Twenty-second United States Infantry, charging him with conduct unbecoming an officer. It is alleged that Lieutenant Haycraft was reckless in financial matters and attempted to get more pay than his salary amounted to. He came to Fort Leavenworth to attend the general service staff college and the court-martial proceedings were held there. He will be tried next month. His case is said to be similar to that of Lieutenant John F. McCarty, who was court-martialed for duplicating his pay vouchers and dismissed from the army.

IS NOW IN TEXAS.

One of the Mutineer Leaders Will Be Brought Back.

Leavenworth, Kan., Aug. 29.—The officers of the federal penitentiary expect to have Arthur Hewitt, one of the convict mutineer leaders now in the Texas penitentiary at Fort Leavenworth early in September. An effort will be made to get him here several weeks in advance of the trial of the mutineers. When a pardon is granted it is probable that Frank Lemon, the deputy warden and William McCauley, the penitentiary clerk, will go to Texas to bring Hewitt here. The trial of the mutineers is set for a special term of the United States circuit court here in October. Gilbert Mullins will be brought from Junction City a few days before the court opens for the trial. Mullins will be confined in the county jail here. When Hewitt is brought back there will be six to be tried. All probably will be tried at one time.

HAD AN OFFER.

Could Have Taken \$5,000 for the Winning Col. Leomis.

Arkansas City, Kan., Aug. 29.—The

Traveler says:

John Hutchins of Maple City was in town Wednesday and had just returned from Sedalia, Mo., where he attended the races in which Col. Leomis made a record.

Mr. Hutchins says that Mr. Wilkin had an offer of \$5,000 for his horse within five minutes after the race was over. Mr. Wilkin, of course, refused as he has a standing offer of that amount in this county for "Col. Leomis." The race horse will be entered at Olathe, Ill., Thursday and Friday of this week. There are reasons to believe, Mr. Hutchins says, that "Col. Leomis" will not return to Cowley county. A St. Louis horseman is very anxious to purchase him, and it is understood that he has made Mr. Wilkin some flattering offers.

MANEUVER GRANT IS LARGE.

Junction City, Kan., Aug. 29.—The

officers of the army in charge of the selecting of additional ground outside of the reservations at Fort Riley for the maneuvers, have decided not to use the two townships south of the reservation in Geary county, but will use three townships north and west of the reservation, one in Riley county and two in Geary county. This arrangement will give the army 16 square miles for the maneuvers.

SALINA, KAN., AUG. 29.—MISS ANNA ABEL,

a graduate of the state university, whose home is on a farm east of Salina, has received word that she is the winner of the Bulky Fellowship prize at Yale and will receive a year's tuition at Yale and \$400 in cash. The girl favored by fortune, will leave for Yale next month to take up her studies. Miss Abel by her own efforts had secured a scholarship at Cutumba university.

EXAM. OF LAWYERS

State Board Issues Bulletin on Subject.

TWENTY POINTERS ON IT

Every Applicant Requested to Read Them.

Topeka, Kan., Aug. 29.—The state board of law examination has prepared its rules for the government of examinations to be given applicants for admission to the bar. The first examination will be held in this city the second Monday in October. Thereafter the board will meet regularly on the second Mondays of February, June and October. For the information of applicants the board has issued the following bulletin:

"Study carefully the rules of the supreme court, and the rules of the board, governing the examination of applicants for admission to the bar, and comply strictly with the rules.

"File your petition, which is to be of your own composition and in your own handwriting, at least six weeks before the date of the examination which you expect to attend.

"All forms may be obtained from the secretary of the board of examiners.

"The board will hold three stated examinations in each year, at Topeka, beginning on the second Monday of February, June and October.

"Until further order, the board will hold its first meeting at 2 o'clock on the Monday afternoon of each stated examination.

"Every preliminary requirement must be complied with by that time. To insure practicality to the secretary of the board, L. H. Perkins, Esq., Lawrence, Kan., for all forms and instructions.

"Your proof of good moral character and other credentials must all be filed with the secretary at least five days prior to the first day of the stated examination.

"At the first or preliminary session, those applicants who prove that they possess the requisite educational qualifications to entitle them to examination in the law, will be excused until the following morning at 10 o'clock.

"Monday afternoon and possibly Monday evening will be devoted to the literary examinations.

"Examinations in the law will be divided into four sessions of three hours each, and unless otherwise ordered, will be held from 9 to 12 o'clock a. m. and from 2 to 5 o'clock p. m. on Tuesday and Wednesday of each stated examination.

"Prompt attendance is indispensable and tardiness at the sessions will not be excused except for good cause.

"Before the commencement of the examinations in the law, you will draw a number from the clerk of the supreme court, with which you will sign all your examination papers.

"Write plainly your name and the number on a slip of paper and deposit in a sealed envelope with the secretary.

"The board will furnish paper of uniform size, and all answers should be plainly written, on one side only.

"The questions and answers for each session constitute one book.

"It is unnecessary to write out the questions. Refer to them by number.

"When you have finished the questions of one session, fasten them securely with your answers and sign your number and mark the book on the outside, 1, 2, 3, 4, as the case may be, and also write your number on the outside.

"The four sessions of the law examinations are numbered 1, 2, 3 and 4, and the questions and answers constitute four books signed and numbered as above explained. Any other mark of identification disqualifies the book and the board may refuse to read or consider such disqualified book.

"Write your answers plainly and guard your spelling and punctuation. Accuracy, clearness and conciseness will be given weight.

"Obtain in advance a copy of this bulletin and see that you understand it thoroughly. There will be little time for explanations after the examinations begin.

"J. D. McFARLAND, Secy.
L. H. PERKINS, Secy.
G. H. BUCKMAN,
C. F. HUTCHINGS,
R. F. THOMPSON.

"Board of Examiners."

"The demand for information in regard to the examination," said L. H. Perkins, secretary of the board, "is such that we would appreciate it if a favor if all the daily and weekly papers of the state would publish the bulletin for the benefit of the large number of interested people."

REQUISITION PAPERS ISSUED.

Governor Bailey Calls on Governor Ferguson for a Man.

Topeka, Kan., Aug. 29.—Requisition papers were issued yesterday by Governor Bailey on the Governor of Oklahoma for William Austin, alias Paul Austin, who is now in jail at Newkirk. Austin hired a rig in Arkansas City from a liveryman named W. H. Robinson about a month ago. He stated he wished to go out riding for a short time with a woman who accompanied him. He was given a good horse and buggy. Instead of returning he drove to Newkirk and attempted to sell the rig. He was arrested and the Arkansas City officials notified.

Another Straight Talk on Automobiles

Simplicity in an Automobile means reliability. Don't stand to reason that the machine that persons of ordinary intelligence can master and understand in a short time will do more and better work than a complicated piece of mechanism that only an expert can get the best work out of.

Oldsmobiles are simple; we have taught over twenty-five Wichita people to drive these Oldsmobiles and it has never yet taken more than three or four hours work on the road until they were masters of their machine, able to handle it with perfect confidence in themselves and their Oldsmobiles.

Who Is Back of the Oldsmobile?

When you sink from \$700 to \$1500 in an automobile it pays to find out who is behind the machine. Automobile companies are failing every day and a machine which is no longer made and for which new parts cannot be secured, loses fifty per cent of its value. The Olds Motor Works is the largest Automobile plant in the world. Two complete factories, one at Detroit and one at Lansing, Mich. At each plant Oldsmobiles are made complete from the ground up. If one plant should be destroyed the output would only be cut down one-half.

A Finished Oldsmobile is Turned Out Every 15 Minutes Every Day of the Year

Are you afraid that if you buy now your automobile will soon be out of date owing to later improvements? It is the policy of the Olds Motor Works to fix every improvement so that it can be put on any machine that they have ever put out, bringing it up to date at a very small expense. No other automobile manufacturer does this, and that is why a good second-hand Oldsmobile always brings its price. WHEN YOU BUY AN AUTOMOBILE GET AN OLDSMOBILE.
